into high-impact floor and  
sidewalk graphics*

# Floors

## Application Guide

### Overlaminates

Overlaminates keep floor graphics looking sharp – from initial application to removal. Offering superior protection against scuffing, abrasion, moisture and UV light, Colorgard® floor overlaminate products protect and seal images from environmental elements, foot traffic and more. These overlaminates are specially engineered for use with pressure-sensitive floor graphic films and meet or exceed various public safety requirements and industry standards for high traction.

ASTM C-1028 Test method formerly withdrawn. No new safety specifications for dry floors has been approved by recognized laboratories.  
~ See Performance Guides for more details on product slip resistance.

LFP - Layflat polycoated  
SFC - Superflat coated  
WK- White kraft

CCK- Clay coated kraft  
PET - Polyester

**Floor preparation is critical to a successful installation.** Please refer to Mactac's Technical Assistance Guide TA2040 "Choosing the Right Floor Graphic Media" for detailed application instructions at [www.mactac.com](http://www.mactac.com).

## Floor Media

Designed for indoor or outdoor applications, Mactac line of wide-format, digital media is your best choice for high-quality, high-impact floor graphics. With application versatility - from convention centers and retail graphics to sports arenas and sidewalks - these printer-friendly floor graphic vinyls produce images that impress. Offering various options in thickness, finish and adhesive aggressiveness and strengths, Mactac vinyls and films offer the flexibility you need for any floor graphic application you encounter.

\* Do not apply Streetrap to smooth, sealed concrete, unless a permanent bond is desired.

\*\* See Performance Guide for Removal Instruction off unsealed concrete only

<sup>^</sup> 1 Month up to 1 year for pedestrian traffic and maybe up to 1 week for light vehicular traffic on smooth to slightly rough surfaces

# Floors

## Application Guide

### **Open Image Warranty<sup>SM</sup> for Mactac<sup>®</sup> Media and Laminates:**

You make the choice of printer and ink that are best for your business and Mactac will be the partner that stands behind you. Simply provide us with your system and if we have not already tested the combination, we'll run a comprehensive series of tests to ensure the system works and then warrant your application. If we find the components are not compatible we'll let you know that, too, and make alternative recommendations. It's that simple!

We stand behind you. And, we work with the most popular printer and ink suppliers to ensure product compatibility and durability.
