

Engineered Tapes & Laminates

Mactac Medical Non-Woven Tapes

Mactac® Medical offers a complete line of non-woven tape products for Electromedical, wound care and bandage applications.

Our product offering includes 2.4oz and 1.3oz basis weight spunlaced polyester. The Spunlace non-woven products offer breathability and higher MVTR for wound care applications, and the elastic fabric product is excellent for use in bandage applications. All products have been independently tested following ISO-10993 Guidelines.

Applications:

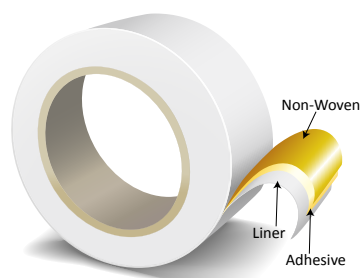

EKG/ECG Single Use Electrodes • TENS Electrodes • Wound Care Dressings
IV Securement • Bandage

Features & Benefits:

Wear Times Up to Five Days • ETO and Gamma Sterilizable • Comfortable and Conformable
Bio-Compatibility Tested • Latex-Free
