

3300Pro Series

This 3.0 mil intermediate film is the workhorse of Mactac's computer-aided signage vinyls. The product is coated with a permanent clear solvent acrylic adhesive protected by a 78# Clay Coated Kraft liner. These films are designed for application on flat to slightly curved surfaces which makes them an excellent choice to deliver a wide range of messages on a variety of substrates. Up to 5 years outdoor durability and available in wide variety of high gloss, plus two matte colors.
