

Walls, Signage & Decals Product Guide

Printvinyl Scored™ is an excellent option for creating decals, product stickers, and packaging labels because of the easy-to-remove scored liner.

The print media is compatible with solvent, UV, and latex inkjet printers and can be used in applications for walls, signage, and promotional images.

Walls, Signage & Decals Product Guide

What is Printvinyl Scored:

Printvinyl™ uses the film recognized for proven print quality and consistency but now has a scored liner option for easy liner removal.

Scores 1.25" apart to allow maximum flexibility for the end user to crack and expose the edge of the liner for hassle-free removability.

Branding or additional text can be printed on the liner for ease of use.

Applications include:

Decals, product identification, promotional labels, bumper stickers, game pieces, POP displays, window and wall graphics.

PVS528UR features an ultra-removable acrylic adhesive with a 3.2 mil matte white polymeric vinyl film, 78# bleached kraft scored liner at 1.25" apart, with 54"x150' and 60"x150' roll sizes.

PVS528P features a permanent acrylic adhesive with a 3.2 mil matte white polymeric vinyl film, 78# bleached kraft scored liner at 1.25" apart, with 54"x150' and 60"x150' roll sizes.

Printvinyl Scored products have an outdoor durability of 5 years and can be wide-format digital or screen-printed.
